The Forest Stewardship Council® (FSC) is an independent, not for profit, nongovernment organization established to support environmentally appropriate, socially beneficial, and economically viable management of the world's forests.

FSC's vision is that the true value of forests is recognized and fully incorporated into society worldwide. FSC is the leading catalyst and defining force for improved forest management and market transformation, shifting the global forest trend toward sustainable use, conservation, restoration, and respect for all.

FOREWORD

The purpose of this “Technical Frequently Asked Questions” document is to share the answers to complaints, comments, questions and request related to the FSC National Forest Stewardship Standard of Canada (FSC-STD-CAN-01-2018) that can be addressed via a clarification. A “clarification” cannot bring new elements of information to the NFSS, must be based on existing information in the NFSS and related documents and does not have an impact on the normative requirements.

This document is maintained by FSC Canada.
